General Report Comments: Upon arrival, I was met and accompanied by the owner, Natasha.

We went to the back of the shop where the animals are kept.

Majority of the same animals observed as during my previous inspection was observed again, with the addition of 7 hamsters and a few new fish.

All the implementations at my previous inspection are still implemented, animals are fed species specific food. Food bowls are hanging, and no longer on the floor. A deep clean is still in process regarding the perches.

No APA contraventions observed during inspection.
