08/10/2025

Attention Inspector Patrick Chiwawa, Darling SPCA

Owner: Mr Raymond Bruintjies, E42 Durban street Darling

Patient: "Cooper", a 2 year old, intact tan male crossbreed dog, weighing 21kg

I, Dr Annelien Moss, hereby confirm that I have seen, examined and treated Cooper today 08/10/2025 at The Village Vet Animal Clinic, Darling.

He presented with a painful left ear and under sedation multiple lacerative type wounds inside the ear pinna were cleaned & flushed and antiseptic applied.

Cooper also received antibiotic and anti-inflammatory injections & was sent home with a 5day course of oral pain medication and antibiotics and antiseptic ointment.

He was otherwise in good condition and healthy on physical examination.

Castration was advised as well as tick and flea treatment.

Please contact me should you require any further information.

Kind regards

A. Moss
