General Report Comments: The SPCA received a call about a dog that was being abandoned. Complainant told me that the owner has not been at the house for a month. I went out and the neighbours across the street gave me access. Inside the property I saw 1x brown and white pitbul male. Upon closer inspection I saw that the dog is covered in ticks. Body condition is fair. No water,food or shelter is available. Living area is dirty,feces all over the place and could clearly see that the owner has not been cleaning the dogs living area. I took the dog. Refer to admission D14877. NFA until further notice.
