General Report Comments: As I was approaching the address someone reversed the car out of the driveway. I stopped and a woman who introduced herself as,Marlene came out of the car. I asked her if they have 2x Jack Russell's in a confined space and she said no,as I can see the only dog they have is Lulu a medium size terrier x female that is loose on the property. I contacted the complainant to tell her that there is only one dog on the property and she told me that she saw the Jack Russels a couple of weeks ago. Marlene left for work and I went to the neighbours next door. They also confirmed that there is no Jack Russels on this property. NFA until further notice.
