General Report Comments: Mr Stevens was at home and he informed me that this cat came to his property and he started to feed the cat. He confirmed that some time ago it seems the cat was involved in a fight with the other cats as he came home with scratches on his face but he claimed that the wounds has healed. The cat was not at home. Mr Stevens informed me that sometimes the cat disappears for days. I met with the complainant before I did the welfare inspection and he claimed that the cat is being neglected and there is no food for the cat. I asked the complainant about the body condition of the cat but he couldn't say if the cat was thin. Mr Melvin showed me a bag of cat food and a tin of soft food. Mr Melvin informed me that he would like to sterilize the cat to prevent him from fighting and unnecessary wondering
