Good day

Thank you for contacting the Cape of Good Hope SPCA. We appreciate your care and concern for animals.

Where there is an animal welfare concern and contraventions in terms of the Animals Protection Act 71 of 1962, we will gladly investigate the matter. However, we require a physical location of where the animal can be found (exact address and/or GPS location and/or directions).

Without an exact location, we are unfortunately unable to investigate the matter.

Please provide us with the exact location so we can dispatch an Inspector to investigate the mentioned concerns.

We look forward to receiving further information from you so we can attend to the matter and assist the animals.

Thank you for caring.

Kind regards

Teah

Subject: Neglected Farm Animals

Good morning

Hope to find you well and in good health.

I hope that I contacted the correct number.

I found out that on a small holding in Klein Wolwedans, are currently a sow that has just had piglets and a few other pigs being extremely being neglected.

They getting very little food and as far as I understand, do not have any water. A friend of mine usually has to take water, but he cannot do it everyday.

The owner do not worry about the animals and we fear that if no action is taken soon, the poor animals will die.

I do not know the exact name of the place, but will be able to provide a pin location of the place.

Can you be of assistance please?

Hope to hear from you soon.

Regards
