General Report Comments: There were no people at home. I saw 1x brindle female terrier x loose on the property. I could see that the dog has puppies, but I did not see the puppies as the gate to the property is locked. The female dog is underweight and needs to gain some weight. I issued warning W6168, to provide the dog with puppy food and that I want to see if the dog does have adequate dog food on my next visit. Will follow up.
