General Report Comments: On arrival I met Zelda who is girlfriend to the owner of the dogs William. Both dogs are on short chains. They are both underweight and the body condition needs to improve. I observed water and shelter meant for Rover but Olga does not have shelter. The living environment is clean. I observed three contraventions of the APA namely
(1) short chaining of the dogs
(2) unavailability of shelter for Olga
(3) both dogs are underweight
I issued a warning and I will recheck
