General Report Comments: The owner was not at the farm but he had asked Eva to contact him as soon as I was at the farm. I spoke to him over the phone and he informed me that he was at CapeGate buying Ivermax for the pigs. He bought pignow feed and there was one fly trap hanging and he promised to get more. There was fresh drinking water in all the camps. All the pigs were either lying or feeding and they were quite which is a sign that they are not hungry. I will recheck in one week
