General Report Comments: I was granted access to the property by Rafael Swartz who introduced himself as the owner of the dog,as his mother who is the actual owner can't look after the dog anymore. On the property I observed 1x brown terrier x female called Lola. Lola is sterilized. Body condition is acceptable. Water was observed in the shade. I did not see any shelter for Lola and educated the owner. I issued warning W6171 to provide Lola with adequate shelter and to always make sure that she has potable drinking water. Will follow up.
