General Report Comments: The owner Johannes let me onto the property where I observed 2x tan terrier x female dogs and 1x black and German Shepherd x female with 9x puppies. All the dogs are loose on the property and in acceptable conditions. None of the dogs are underweight. Water, food and shelter is available. I educated Mr. Johannes on sterilization and he said that he will let his female be sterilized if we can help him as he does not have money for a private vet. I told Mr. Johannes that I will talk to my manager and get back to him. Will follow up.
