General Report Comments: I was granted access to the property by Eastern Speelman who is the owner of the dogs son. Eastern took me to the garage where I observed 1x pitbull female and 1x Jack Russel female. Both dogs in good condition. Water, food and shelter available. The reason why the dogs are being kept in the garage is because the property is not fenced and the navy base don't allow dogs to roam freely on the base. Eastern told me that they do let the dogs out and showed me that they are busy building a camp for the dogs. The garage was clean and the space in the garage is big enough for 2x dogs. No welfare concerns was observed. NFA until further notice.
