General Report Comments: On arrival I met Elroy and he allowed me into the property. Water and shelter was observed. I phoned Mrs Smith and she informed me that she was aware of the fleas and she had already bought Tick and Flea shampoo. She advised Elroy to show me the shampoo. She also informed me that she was going to buy Flea powder and she bought it and send me the picture. Besides the issue of the fleas, the body condition of all the animals on the property is acceptable. Tina the female X breed dog is on a very long static chain with a collar on. I issued a warning advising Mrs Smith to seek vet treatment for the external parasites on the puppies.
