Follow-Up Date:	2026-02-03
Comments:	I contacted Mrs Kotze on 079 427 4839 and advised her that I did an inspection with the guidance of Mike from NSPCA Farm Unit. I told her that I did not observe unacceptable methods of training at this point. I explained that there were no horses restrained anywhere on the property or in the stables. I told her there were no horses with chains around their legs. I advised Mrs KOTze that this is now an open case where we will conduct routine inspections and that early next year our NSPCA will accompany us on another inspection. Mrs Kotze was very grateful for our feedback and that we conducted an inspection.
