General Report Comments: I first went to house number 12 Plein street and I called the number that I is on the entrance to the property. I spoke with Riana and she informed me that she sold the property and she gave me Teddy's contact details. I called Teddy and he informed me that he was at work and we arranged to meet at 13:00 when he was on lunch. I went to Plein street and Teddy was not there and I phoned him and he informed me that he spoke with Mr Petersen and he was waiting for me at the gate. Teddy then informed me that the entrance is in Hout street and when I arrived at the entrance that's when I realised that we do have an open case for this property. I went inside and Mr Petersen informed me that he took the remaining 2 puppies to his house in Louwville. The female dog named Roxy is underweight and the body condition needs to improve. Brock the male Pitbul is in a fair and acceptable body condition. Mr Petersen informed me that he was still waiting for the SPCA to come and sterilize the female dog. He informed me that the owner of the male dog does not want to sterilize the dog. I will go back with a concern form so that we can sterilize the female dog. There is food available for the dogs. Water and shelter observed
