General Report Comments: I was granted access to the property by Linique Fredericks. On the property I observed 1x brown pitbull male on a short chain without a collar. The dogs water bowl was also dirty and the water was turning green. I immediately asked Linique to go clean the dog, called Bullet water bowl, which she did and provided him with fresh potable drinking water. I issued warning W6181 to provide Bullet with a collar, fresh potable drinking water at all times and to install a running chain or to let him roam freely inside the property. Will follow up.
