The dogs are in acceptable conditions and very friendly. There are no puppies. No sick or injured dogs was observed. Water, food and shelter is available. All the dogs are loose on the property and not confined. I asked Mrs. Brand about injecting the dogs and she said that she only vaccinate her own dogs. Mrs. Brand also showed me a letter from the department of agriculture where it states that they withdraw that that only vets, vet nurses and Away can vaccinate animals.
