General Report Comments: Mr. Siegfied granted me access to the property. We went to the enclosure where the donkey is being kept. I saw 1x dark bay male donkey in the enclosure. The donkey is busy shedding his winter coat and noow it looks like bare patches to the public eye. I also checked the donkeys hooves and they are not overgrown like the complainant said. The hooves needs some trimming,Mr. Siegfied said that they are waiting for the ferrier to come trim the donkeys hooves. The donkey can walk properly and if his hooves were overgrown he would not be able to walk properly. Water,food and shelter is available. Body condition is acceptable. NFA until further notice.
