General Report Comments: On arrival I met the complainant Mr Shaun and he let me into his property from where I could observe the dog at the neighbour's property. I could see the adult male GSD. Mr Shaun's wife came and informed me that she does have the contact details of the pet sitter. She phoned the pet stter and the pet sitter came and opened the property for me to do the welfare inspection. The dog named Ceaser is sterilized and in a fair condition. I observed water, food and shelter. The living environment is clean. The complainant later told me that the dog is making noise at night and I informed him to report to the Law Enforcement as that is a bye-law issue. There is no contravention of the APA
