Dear Werner,
Thank you for bringing this to our attention.

Angela O'Donnell's sentence was only valid for one year, which ended in November 2024. This means she is only prohibited from having animals until November 2024. Unfortunately, it would be very difficult to prove after the fact that she was in control of the cats during 2024, and also you indicated that she is not living on the property and that her son is there instead.

Could you please provide us with your contact number so that an inspector can get in touch with you regarding this matter?

Additionally, please note that the SPCA cannot turn away any animals, and we can never say that we are full. Plaasmol can be advised that the SPCA will take in the cats, and they or anyone else with unwanted cats are welcome to bring them to us. Our contact number is 022 289 0998.

For now, please share your contact details so we can discuss the situation with regards to the cats on the property.

Kind regards,
