CHECKLISTS

General Report Comments: I was Mrs. Basson who is the owner of the property. I told her that the Spca has received a complaint regarding cats on the property that is not looking good. Mrs. Basson told me that the cats on her property are all feral cats and does not belong to her,she has feed them in the past but has stopped feeding them. I did not see any cat on the property during my inspection. I also spoke the complainant who is the neighbor and told her that the Spca does not do cat trapping and that she will have to call Swartland law enforcement and ask them to trap the feral cats as it is a animal nuisance bylaw that they have to enforce. While talking with the complainant I saw 2x adult cats jumping from her property to Mrs. Basson property,the cat did not look sick and is in acceptable conditions. No welfare concerns was observed. Nfa until further notice.
