General Report Comments: Arlene phoned the SPCA to inform that one of her dogs is sick. There was six dogs on the property and the black dog named Chichi was lying on the ground motionless. Arlene surrendered Chichi and from what I saw the symptoms are of distemper. The dog named Fluffy is the only one running freely. The four dogs are on short static chains with collars. The body condition of the other five dogs is fair and acceptable. Water and shelter observed. The living environment is clean. I issued a Notice to comply. The distemper dog was humanely euthanized at the Bergzitch Animal Hospital
