CHECKLISTS

General Report Comments: I went to the property and John Luke came out. I asked him about the complaint that we received that they have a lot of cats that they are not feeding. Mr O'Donnell told me that it is not their cats they are just putting food out for the feral cats that comes from all over the town. Their property is not fenced it is surrounded by veld and there are a lot of cats. He told me that they are no longer feeding them. He also said that he has a problem with their tenant who is also the complainant because the tenants are now feeding the cats. He also told me that the tenants and himself are in a dispute as they are not paying rent. I did not see any cats on the property during my visit and Mr O'donnell did allow me to do a check.
