General Report Comments: The Spca has received a complaint regarding a grey horse that was lying down and unable to get up. I went to the address and observed 1x grey mare standing on the sidewalk. Upon closer inspection I could see that the mare struggled to walk and she has an injury to her leg. A young man approached me and introduced himself as Meugel. Meugel told me that the horse belongs to a thirteen year old boy named Jevante, Meugel further stated that the mare is kept on their property because Jevante has no space for the horse at their property. Meugel also stated that the have spoken numerous times with Jevante not to rude the horse in the condition she is but Jevante does not listen to anyone. Meugel took us to the residence of Jevante where I was met by a man named Joswin Smith. Joslin told me that he is Jevantes brother, I explained to Joswin why I am here and he also stated that Jevante has told him and his mother a while ago that there is something wrong with the horse but has since recovered. I told Joswin that the horse has not recovered and that she can't even walk properly. I issued warning W6045 to get a veterinarian out to come look at the horse and that the horse should not be ridden in these conditions. Will follow up.
