Dear Colleagues

We received a report about a person keeping their three poodles inside a car at De Zwartland Markt for over an hour. We immediately drove from Vredenburg, which took about an hour, but by the time we arrived, the individual attempted to leave.

This happened on Thursday 27 March 2025 between 1 and 2 pm.

The mall manager was trying to stop the white Chevrolet from driving off, but upon seeing us, the driver ignored our attempts to intervene and left despite us hooting. We did, however, confirm that there were poodles in the back of the car.

Would you be able to visit the address and issue a warning regarding this incident? Below is the address details that we received. Please let us know if you can assist.
