General Report Comments: Both dogs are now running loose inside the property. Trevor was at home and he allowed me into the property. The adult male dog named Oupa is looking far much better than the previous time when I saw him.
Trevor informed me that he bought some tablets at the vet but when I asked him to show me the packet in which the tablets were in he told me that he threw it away. The other dog is looking good as well. Trevor made a running line but there is no dog on it
