General Report Comments: Both dogs were running freely inside the property when I arrived. Trevor informed me that he chains the dog named Oupa when he is going out because Oupa follows him. The other dog's body condition is fair and acceptable. I gave Trevor some dip to use it on the dogs he lives far from the mobile clinic. Water and shelter observed. The living environment is clean. I'm closing this case but I will keep an eye as Trevor informed me that he is not working and sometimes struggles to get dog food .
