General Report Comments: Upon arrival I was met by Justin Dragona,I asked Justin that the Spca has received a complaint about a dog in bad condition and asked him if he is the owner of the dog. Justin confirmed that he is the owner and took me to the dog at the back of the property. At the back I observed 1x brown and black terrier x female on a short chain without shelter. The dog is also underweight and looks like she might have tickbite fever. I spoke to Justin about my concerns and asked if he has money to get the dog to the vet and he said no he does not work. I gave Justin the opportunity to surrender the dog and he did,refer to admission D13715. No ther animals on the property. Nfa until further notice.
