General Report Comments: I went out to this address to see if I can find the dog in question. Upon arrival I saw the dog lying on the sidewalk next to a wall. I asked the people in the street if they know who the dog belongs too and they showed me where the dog stays. I went to the house and was met by a lady called Thelma Hoop who told me that she is the owner of the dog in question who's name is Whitey. I asked Thelma if they are treating Whitey for her skin condition and she said no,they don't have money. I asked Thelma why they haven't contacted the Spca earlier and I also told her that she does not have an excuse because the Spca is walking distance from her house. Thelma decided to surrender Whitey. Refer to admission D11726. No other animals on the property. I issued warning W5253. Nfa until further notice.
