General Report Comments: There is only 1 dog on the property. The pitbul male. He is on a long chain about 8 meters long with a collar. The other pitbul that was on the rope is not there as it does not belong to mr Bester but it belongs to his son and is no longer on the property. He explained that the dog was on the rope because the dog is very friendly and according to him when the fisherman walks past the dog follows them and then the fishermen lets the dog fight with other dogs.
