General Report Comments: I was granted access to the property by Mr. Apollis who is the owner of the dog in question. On the property I observed 1x black and white pitbull x male. Mr. Apollis told me that the dog is recovering from mange and went inside the house to the medication he is treating the dog with. I could see that the mange is getting better and the dogs hair is starting to grow back. Water and shelter is available. I will do a recheck within 2 weeks to see how the treatment is going. Will follow up.
