General Report Comments: The owner of the Labrador dog Ms Verity gave us access to do an inspection . There is a female labrador mix dog on the property named Abigail . Abigail is 10 years old and is in an acceptable condition. I asked Ms Verity where Abigail does her ablutions and showed us outside . There were no old feces and no feces inside. This sounds more like a neighbourly dispute. There are no welfare concerns. I tried numerous times to contact the complainant but it rings and then is put over to voicemail.
