General Report Comments: We were doing door to doors and saw 2 mix breed dogs on short chains. We stopped and Jana Joubert gave us access to do a welfare inspection. Both dogs had collars. The male dog named Bingo does not have shelter. The female dog named Lady did have shelter. Both dogs had clean water that was in the shade. The reason why it is chained is because the property is not fully enclosed. I explained that they cannot do that. Jana said that they will install runners for both dogs. I issued a warning and will follow up.
