General Report Comments: The dog named Booma was attacked by another dog from the same street and the owner has not taken the dog to the vet. The owner did spray some blue stuff on the neck but her son Junaid could not tell me the name of the stuff that was applied to the wound. The dog didn't allow Junaid to touch him as he kept running away. The back right leg is injured as the dog can't set that paw on the ground. I observed water and shelter.  
I issued a Notice to comply advising Shamila to seek veterinary treatment within 2hours
