General Report Comments: I did a door to door at the property and I saw 1 dog on a short chain without a collar. I arrived at the property and I saw the dog on sleeping and I stopped by to speak to the owner of the dog. She said the dog is unpredictable that is why they chained the dog. I issued the warning for the owner to provide a runner for the dog and a collar and they must clean the water bowl and place the water bowl next to the kennel. Before I left they provided the dog with water.
