General Report Comments: I observed the female Terrier X brown dog on a short static chain without a collar and there is no shelter available at all for the dog and when I did the inspection it was raining and I advised Titus to unchain the dog so that he can hide from the rain.
There was no water available for the dog. The dog's body condition is fair and acceptable. I gave Titus the option to surrender the dog if he can't afford to look after the dog and he refused. I issued a Notice to comply and I will recheck in 3 days.
