General Report Comments: The adult male dog is now running freely inside and outside the property. Water and shelter was available for the dogs. I observed only one dog as the other dog is always in the streets. Lorrive informed me that she wants the other dog to be removed so I made an arrangement with Lorrive for me to pick up the dog on my way back from the mobile clinic in Porterville. I went to the property on my way back but the dog was no where to be found and I had to leave. I will do another recheck
