General Report Comments: I did a recheck today and I found that the owner of the dog has not complied with the warning. I arrived at the property and I knock no one came out and I saw the dog inside the property. I issued the warning for the owner to provide adequate veterinary treatment for the skin. I received a call from the owner of the dog that he got the warning from the gate and he said he didn't know and the first warning he asked me to give him a chance until Saturday because he gets paid and he will provide the dog with the treatment.
