General Report Comments: I responded to complain about the dogs that are thin. I arrived at the property and I knock no one came out and I asked the neighbors to use their property to look at the dogs and they let me in and I saw the dogs. One of the dog is on a long chain without a shelter. One of the dog is limping and the leg is swollen. One of the dog is roaming free is bit under weight..
The neighbors gave me the owner of the dogs his number and I called him and he said he is working and he won't be able to get the dog to the vet and he asked if we can remove the 2 dogs the limping one and the roaming dog. He also confirmed that the dog on the chain has shelter and the dog is not chained because the Sunday the dogs jumped the fence and attacked another dog that is why they chained the dog.
