General Report Comments: Jody came to the mobile clinic together with his girlfriend. He was carrying a female Pitbul X white and black in color. The dog had a blue bandage around the front right leg. Jody informed me that the dog was injured by another guy and he went to SAPS to open a case and they referred him to the SPCA. He informed me that he took the dog to Riebeek Animal Welfare (RAW) and the put two sticks and bandaged the leg. I advised him to take the dog to the vet of which I also gave him the option to surrender the dog which he declined. I issued him with a Notice to comply advising him to seek vet treatment within 24hours.
