General Report Comments: While attending to a new cruelty case in Akasia Street, Malmesbury I saw this white and brown terrier x with severe mange roaming in the streets. When I was done with the case I drove around the corner and saw the same dog again, I asked the people in the street who the dog belongs to, and they directed me to the house where the dog stays. I called and a man who introduced himself as Mr. Peter Dayson came out. I showed him a picture of the dog that I gave just took and asked him if the dog belongs to him and he confirmed that it is his dog called Tracy. I asked Mr. Dayson why Tracy is in such a bad state and if they have done anything to provide her with treatment for the mange. Mr. Dayson came up with a lot of stories. I told him that I'm going to issue him with a warning to provide Tracy with adequate veterinary care for the mange because it is unacceptable for any animal to be living with such conditions. Mr. Dayson told me that financially he is unable to provide Tracy with the necessary treatment and will rather sign her over to the Spca. I issued warning W5285. Refer to admission D12532. No other animals on the property. Nfa until further notice.
