General Report Comments: I responded to complain about the dog that is paralyzed on the property and two of the dogs are in good condition. I arrived at the property and knock no one came out and I asked one of the law enforcement officer to track down the owner of the property and I got hold of the owner of the dog . He came back from work to meet me at the property and he came. He said he the dog was bitten by a snake 3 years ago and he was paralyzed from there. After the long conversation of the owner trying to convince me that the dog is not in pain and he can still get to his food and I stood fairm and decided what was best for the dog. He eventually surrendered his dog.
