General Report Comments: Natasha couldn't provide me with the address as she informed me that Robert who used to work for her gave the puppies away and they are now thin without food and shelter. I went to Robert and he showed me the property where I observed 2 juvenile dogs and a puppy. The 2 juvenile dogs body condition is fair and acceptable. The one puppy looked sick but Elvas informed me that the puppy isn't hers and she claimed the puppy came to the property and she couldn't chase it. She surrendered the puppy. I observed water, shelter and food. Upon notifying the complainant it seems like there is another property as she claims that there is adult dogs on the property.
