General Report Comments: Marelize is the daughter of Sarah the owner of the dog. She allowed me into the property to do the inspection. The female brindle dog is on a very short chain of about 1m long with a collar. The dog's body condition is fair and acceptable.
Marelize informed me that the dog is aggressive that's why she is on a chain. I observed water and shelter. Marelize started to not cooperate with me as she stopped answering me. She also refused to sign the Notice to comply which I issued but she took it. I will recheck
