General Report Comments: On this property there is a lot of animals. The body condition of all the animals observed is fair and acceptable. I observed 23 horses in the camps and some were in the stables. These horses are left in the open fields during the day to graze and are brought to the paddocks in the afternoon. There is 2 ponies and a donkey too. I also observed 7 dogs in total of which the Rottweiler, Labrador and the Jack Russell puppies are confined. There is over 20 free range chicken also. After notifying the complainant, she told me that her main concern was the way how the people were riding the horses and racing in the gravel road. I informed her to let us know whenever such illegal racing is taking place.
