General Report Comments: Upon arrival I saw 2x dogs on the property. 1x black and tan terrier x male on a short chain,the dog is also a bit underweight, and 1x brown female puppy also on a short chain without shelter. I went to knock on the door and a young man who introduced himself as Chipa came out. Chhipa told me that both dogs has different owners. I explained to Chipa although the dogs have different owners,the law sees him as the owner and therefore he is responsible for the well-being of these 2x dogs. I issued warning W6579. Will follow up.
