General Report Comments: Before I arrived at the property I made contact with the complainant and she came to me and showed me the property where the dogs are. It was raining and i went in and both dogs were inside the house. Both dogs do have beds inside the house. I observed water and food. The body condition of both dogs is acceptable. After I did the inspection I contacted the complainant again to give feedback and she said they sometimes chain the dog of which I advised her to contact the SPCA when she dog is chained and not afterwards
