VETERINARY PROBLEMS / HEALTH CO	Yes ***	Possible tickbite fever
CONFINEMENT OF ANIMALS	Static Chain - inadequate length **	Unknown

General Report Comments: Upon arrival I did not see Tyson the pitbull at his usual place where is normally on a chain . I asked the neighbor if Mr. April is at home and he told me no, Mr April went to his mother's house around the corner. I went there and spoke to Mr. April about, Tysons living conditions and the fact that his so underweight since the last time I have seen him. I explained to Mr. April the seriousness of this situation and told him that I can't leave without Tyson, because this will only prolong his horrendous living conditions. I also explained to Mr. April that it's not only about Tysons living conditions but I'm also worried about his health, Mr. April understood and decided it will be better to surrender Tyson . Refer to admission D14454. Nfa until further notice.
