General Report Comments: I went out and met Sigmoen and he informed me that Natasha just came into the property and started destroying the wooden dog kennel claiming that it's not suitable for the dog. I observed a wooden dog kennel meant for the adult dog Layla that is on a long static chain with a collar and the puppy has it's own kennel which Natasha claims is not supposed to be there as she claimed that the puppy must stay indoors. I observed food and water. I will discuss the findings with my manager
