General Report Comments: I observed the two fully grown dogs lying next to the gate and I went to speak to the owner as they were people close to the dogs. The owner who introduced herself as Dawn admitted that the dogs are hers and she have been trying to treat the dogs but she couldn't give me proof of the treatment which was administered to the dogs. I observed water and shelter.
I issued a Notice to comply advising the owner Dawn to seek treatment for the skin condition on both dogs. I will recheck
